

Hello. I'm Hexadec1mal.

I am not loyal to a group. You know who I am. You know what I know. I am here to tell you the truth, the whole truth and nothing but the truth. This archive contains information on all parties, and you can trust what I say. I am not aligned to a group's views. I've seen both sides of the hedge, and both are full of dead grass and dog shit. I've seen the inside of the homes and not even just the front yards. The homes are the same. Messy, disorganized, late on payments. This is simply an AP news report of the state of things because people keep hearing everything from one side. You may not believe what you hear here today, but it is backed by evidence.

Today I sacrifice my bonuses and more to bring you the truth. I give up OTR, I give up access to Hurricane DEV, I give up access to Weather Ranch's Internal Affairs, I give up access to mist internal, I give up access to everything. I will be universally hated by every group. I will likely start drama and reopen old wounds. But, for this community, it is for the best.
